

SAVE REIGATE HEATH - SHAGBROOK

- The aim of the Campaign Against Mineral Extraction and Landfill CAMEL is to save the Reigate Heath Shagbrook site.
- We are paying for appropriate experts who we hope will identify legal and technical reasons to prevent the Common Field becoming a sand quarry and a potential landfill site.
- It is only fair that the community as a whole shares the cost. If each household contributes one pound twenty five pence a week that should be sufficient for us to reach our objective.
- If you would like to help please fill out the standing order form below and send to:
David Evans, Treasurer, CAMEL, More Place, Wonham Lane, Betchworth RH3 7AD
- If you prefer you can create the standing order online by using the account details below.
- For single payments please make cheques payable to:
"The Betchworth and Buckland Society" with the reference **PMZ60**
It would be helpful for our records if you could put your name and address on the reverse.
